## Faith-Based HORN

*A Faith-Based initiative designed to build healthy communities by faith.*

*The Faith-Based Health Outreach and Referral Network (FB HORN) is designed to match the resources and talents of some of the largest health care information, education and advocacy groups in the country to the needs of the faith-based community. The resulting collaboration, FB HORN will impact alarmingly high rates of disease and infection by sponsoring health events, workshops and seminars at member churches, organizations and other sites across the greater Chicagoland area.*

*FB HORN can help your church or organization by:*

- *Building strong collaborations and technical capacity within area churches*
- *Conducting health care needs assessments in the targeted community areas to examine and fully understand the most urgent community health needs*
- *In conjunction with health care professionals, develop a Community Health and Wellness Plan which addresses these identified needs*
- *Conducting focused, goal oriented programming through HORN affiliated churches, social and fraternal organizations and selected residential facilities*
- *Developing an internal mechanism to monitor outcomes and impact on the issues identified in the initial needs assessment*
